

Beginning Band First Performance Rehearsal

Monday October 24, 2011

We will need plenty of chaperones. If it is a possibility to travel with us during the day, we desperately need you. All Tuba, French Horn, and Baritone players will need to bring their instruments from home. We also need home music stands. We need them before 11:00AM, for our rehearsal on Monday. All Students will be required to take their instruments home that night **after the performance**. No one may leave his or her instrument at the auditorium overnight. It is the student's responsibility to acquire transportation to and from the concert in the evening. This is a required concert. The yearly blanket permission slips should be already on file for each student; those that have not turned them in, they **MUST** be turned in prior to this rehearsal.
